

Today we welcome Kim Martin and Gabriela Juarez-Lemus who will share information about The Student Clothing Assistance Network (SCAN).

The Neighborhood Task Team (NTT) is working with the Social Workers and Counselors of the Chambersburg Area School district to help students that are in need of clothing. Many of these students are homeless or are in emergency housing situations and have been left with few belongings, including basic clothing items. We will be developing a group of willing volunteers to donate, shop for, and deliver clothing sets as requested by the school district representative.

The SCAN team from First Lutheran will be coordinated by Kim Martin. 717-446-0842 kmartin.898@hotmail.com

How can you help?

- volunteer to be on the list of helpers
- donate by cash or check to the NTT fund from which purchases will be made
- pray for those in need and for those involved in this ministry

Nursery and NTT Room Exchange The Council in consultation with the Property Committee and in speaking with the Visioning Team and NTT Members, has come to the decision to move the nursery to the second floor. It will be in the first room on the right side of the hallway when you are approaching from the restroom end of the hallway. The NTT Team will then be using the room on the first floor for staging and sorting the items that are collected throughout the year. This transition will be taking place during the next couple of weeks.
